Jim Thomas and his crew recently did a moss removal on my roof and not only did they do an outstanding job, they were able to fit me in quickly as my house was about to go on the market. I would highly recommend Jim Thomas to anyone who is looking for honest hardworking people to get the job done.

I hired Jim Thomas Maintenance and his crew to power wash my one story house to remove the dirt and mold from the vinyl siding. He also power washed my driveway and cleaned my rain gutters. He did a fantastic job and I will use his services again.

Jim and his crew came and helped us and cleaned our gutters at a moments notice. They did a great job and were professional. They also cleaned our roof and power washed our porch and driveway and did an excellent job. They are affordable and fair, my neighbors used them as well when they came out to our house for service. They are also a great resource for other maintenance tasks if they cannot do it they find someone who can. I would recommend Jim Thomas Maintenance to anybody.

My father had used Jim Thomas Maint. for years to clean his gutters, power wash the house and power wash the moss off the patio bricks. I hired his team to clean and seal the concrete floors of a new warehouse my business was moving into. His crew did an excellent job and I highly recommend them.

I have used Jim Thomas Maintenance on my home roof and gutters and on a rental Dianne and I own. They did not disturb the composite roof's granulation on our home's roof nor did they damage the vinyl siding when cleaning it on our rental. I would use Jim and his crew again and not hesitate to recommend them for their specialty.
